Title: UNKNOWN SUBJECT(S);
WILMA RUDOLPH - VICTIM

Character: DISCRIMINATION IN HOUSING MATTER

Synopsis: On 7/12/83, Detective [REDACTED] Marion County Sheriff's Department, Indianapolis, Indiana, notified the Indianapolis Office that on the night of 7/10-11/83, someone applied a chemical agent on the front lawn at the residence of Wilma Rudolph. The manner in which it was applied etched the word "Niggers" into the lawn. Each letter is approximately four feet high. On 7/18/83, photographs taken of the damage and word etched in the lawn. Wilma Rudolph and [REDACTED], interviewed and could offer no known reason for the act against them. When complaint to the Marion County Sheriff's Department originally made, it was also noted that on 7/2/83, Wilma Rudolph's [REDACTED] was working on a car at that address and three white males drove by several times and asked questions as to the ownership of the white car. Their remarks apparently had racial overtones. They were driving a light-colored Ford Mustang. No information has been developed concerning teenagers in the area having access to a light-colored Mustang. It is noted that the intersection of 62nd and Knyghton Road is heavily traveled and the driveway of the residence is highly visible to all passers-by. They have not received any telephone calls or letters from anyone claiming responsibility for the act. Neighborhood investigation conducted with negative results. Detective [REDACTED] Marion County Sheriff's Department, advised he had not developed any information concerning the matter. Daniel J. Dunbar, Chief of Police, Castleton Police Department, Indianapolis, Indiana, explained

he was also Director, Northeast Security Company, and advised that personnel of the security company patrol the Devonshire area two to three times during the night, however, the officer on duty that night did not notice any unusual activity in that area on that particular date. Wilma Rudolph is not a member of the association which would bring her residence under the security of the Northeast Security Company, however, had one of their officers observed any criminal activity, appropriate action would have been taken and the appropriate law enforcement agency notified. His officers were advised to be alert for any information concerning the situation. Contact with the neighborhood association to alert their members for any information has been fruitless to date.

On July 13, 1983, Detective [] Marion County Sheriff's Department, Indianapolis, Indiana, advised that he received the telephone call concerning the incident that occurred at the residence of Wilma Rudolph, 6210 North Knyghton Road, Indianapolis, Indiana. He further advised that he has been unable to make contact with Ms. Rudolph due to her busy schedule and to date had not been able to develop any information as to the perpetrators of the act. Detective [] advised that should he determine who applied the chemical agent to the lawn of Wilma Rudolph, he would contact the Federal Bureau of Investigation.

1Date of transcription 7/20/83

On July 18, 1983, color photos were taken of the yard located at 6210 North Knyghton Road at the residence of Wilma Rudolph.

The above photographs were of the word "niggers" written on the lawn with a substance that had killed the grass, thus forming the letters. The writing was approximately 35 feet long with letter height varying between four and six feet tall. It should also be noted the letter "i" was dotted upside down.

Date of transcription 8/12/83

Ms. Wilma Rudolph, 6210 North Knyghton Road, Indianapolis, Indiana, was interviewed at her residence at which time she advised the following:

She did not know anything had been done to the yard until July 11, 1983. To her knowledge the word "Niggers" was not etched in her yard on or before July 10, 1983. It appears that on the night of July 10-11, 1983, someone applied a chemical agent to the grass on her lawn, which runs along Knyghton Road. The letters were approximately four feet high and each line is approximately four inches wide.

Ms. Rudolph has lived at that residence for approximately one year with [redacted] who for business purposes uses the name [redacted]. Ms. Rudolph is divorced and lives there with her three children, together with [redacted] (divorced), who has three children. None of the children have related any confrontations they may have had while attending local schools and there have been no previous acts of vandalism or threatening letters received by anyone at that residence.

b6
b7C

Mr. Rudolph reported the incident to the Marion County Sheriff's Department. She also reported that on July 2, 1983, at approximately 2:00 PM, [redacted] was working on a car at the same address and at that time three white males, appearing to be in their teens, drove by several times and asked questions as to the ownership of the white car. Their remarks apparently had racial overtones. The three males were driving a light-colored Ford Mustang.

Ms. Rudolph advised that [redacted] was out of town at the present time but would return Tuesday or Wednesday, July 19 or 20, 1983, and could be interviewed at that time.

Mr. Rudolph stated they have not had any problems with the neighbors and she has no idea who would have done such an act. No one in the household awoke during the night and their dog did not even bark.

On July 18, 1983, [redacted]
[redacted] Indianapolis, Indiana, advised they have lived at that address for approximately one year and know that the Wilma Rudolph family lives across the street from them. She advised that children who live there use their basketball basket on occasion and to her knowledge there has been no difficulty with them in the neighborhood. She stated that she was aware of the word printed in the lawn which faces Knyghton Road because she takes a walk every morning and noticed it.

Concerning the possibility that she or someone else in the household was awakened on the night of July 10, 11, 1983, she responded in the negative. She explained that they have learned to tune out the traffic noise in that it is a busy intersection. Her husband never mentioned anything and she was sure he would if he had heard something.

[redacted] advised that she knows no one in the area who are in their teens and have access to a light-colored Mustang. She further advised that if, in her walks in the area, she notices such a vehicle, she would notify the Federal Bureau of Investigation.

Indianapolis, Indiana, advised that they were out of town from July 3 through July 16, 1983, and had no idea that such an incident had happened. She advised that if she heard anything concerning the incident, she would contact the Federal Bureau of Investigation.

FEDERAL BUREAU OF INVESTIGATION

1Date of transcription 8/12/83

Chief Daniel J. Dunbar, Castleton Police Department, and Director of Northeast Security, Incorporated, 6740 Cresco, Indianapolis, Indiana, advised that officers of the Northeast Security organization patrol the Devonshire area every day and two or three times during the night hours as many residents of the area are members and as such, the corporation runs security checks on the members' residences. He advised he was aware of the word being etched in the lawn of the Wilma Rudolph residence. Wilma Rudolph is not a member of the neighborhood association nor has she availed herself to the services of the security service, however, if such an act was observed by one of the patrolmen, he would have taken the appropriate action and notified the law enforcement agency having jurisdiction of the area. Chief Dunbar advised he received word from the Marion County Sheriff's Department concerning the incident as the Sheriff's Department is aware that Northeast Security does patrol the area and has assisted in other matters in the past.

Chief Dunbar advised that the intersection of 62nd and Knyghton Road is very heavily traveled as it is a short cut between two busy thoroughfares and the position of the driveway at 6210 Knyghton Road is such that anyone in the driveway is very visible to those traveling that short cut.

Chief Dunbar advised that all his officers are aware of the situation and will be alert concerning any information that might be pertinent as to the perpetrators of the act.

On July 19, 1983, [REDACTED]

[REDACTED] Indianapolis, Indiana, advised that he was not aware of anything having been printed in the yard of his next door neighbor. He explained that although the Wilma Rudolph family lives next door to him, he and his wife seldom if ever leave via heading south from their driveway. His business necessitates his traveling north and they very seldom have the occasion to go south and had not known of anything etched in the grass.

To his knowledge, there had been no problems in the neighborhood concerning them moving in the area. [REDACTED] advised that their lights are on until the late hours and there is a lot of activity but with all the school age children who live there and the traveling that Wilma Rudolph does, that is to be expected.

[REDACTED] advised that he would contact the Federal Bureau of Investigation if he heard anything concerning the incident.

On July 19, 1983, [redacted]
[redacted] Indianapolis, Indiana, advised that neither she nor
her family were aware that anything had been printed into
anyone's yard with chemicals. She advised that after midnight,
62nd Street is lightly traveled. She stated that she was
aware of who Wilma Rudolph was and was shocked that anyone
would do such a thing. [redacted] stated that if she became
aware of any information concerning who would have committed
the act, she would contact the Federal Bureau of Investigation
right away.

FEDERAL BUREAU OF INVESTIGATION

1Date of transcription 8/12/83

On July 28, 1983, [redacted] Indianapolis, Indiana, advised that she was the neighbor who brought the situation to the attention of the Rudolph family. The front lawn of 6210 North Knyghton Road is directly across from their residence and it was in the late afternoon of July 11, 1983, that she first noticed what had been done to the grass. [redacted] advised that they do have a dog that would have barked if someone had been working in the Rudolph's yard; if it was late at night or very early morning hours, she and her husband would have been in bed and they have a room air-conditioner in their bedroom and would possibly not have heard the dog bark. She added that the other possibility was that the individual(s) walked to the yard and had parked their car down the block, especially if they knew there was a neighbor's dog that would bark.

b6
b7C

[redacted] advised that after she observed the word in the yard, she went over and knocked on the door of the Rudolph residence. One of the youngsters, [redacted] answered and she showed him what was printed in the yard. Later on she talked to Wilma's elder son.

[redacted] advised she did not know of anyone in the neighborhood who had access to a Mustang and had teenagers who would be driving it. She is a member of the Devonshire Neighborhood Association and they have let Ms. Wilma Rudolph know they are willing to furnish some financial assistance concerning the repair of the yard that has been damaged.

[redacted] advised that if she learns of any information concerning the incident, she would immediately contact the Federal Bureau of Investigation.

effort to repair the damaged lawn. He was advised that
they had a gardener who would be doing the work.

[redacted] advised he has teenage children who
would probably know if any other teenagers in the area who
might be inclined to do such a thing, however, they have
not mentioned anyone so to his knowledge, they have no
idea who may have committed the act. [redacted] stated
that as an active member in the neighborhood association,
he would be alert to any information concerning the incident

I. PURPOSE

The FD-610 was designed to provide a complete set of pertinent facts for each Civil Rights case which can then be directly entered into a computer which will assist in a more effective, efficient and economical management of the Civil Rights Program. Each office **MUST** correctly complete **ALL** items requested on the form either on the initial submission or later by supplemental submission prior to the close of the case.

II. WHEN TO SUBMIT

The FD-610 is to be submitted in all cases supervised by the Civil Rights Unit, which include the following classifications: 44-CR; 50-ISS; 173-CRA 1964; 177-DIH; 187-Privacy Act of 1974-Criminal; 189-EOA; 204-FRS; 214-CRIPA.

One function of the FD-610 is to replace the FD-365 in Civil Rights cases. It should be, in most cases, the initial communication advising FBIHQ of the initiation of an investigation, however, if the urgency of the situation requires a teletype the FD-610 should be submitted as soon as possible.

III. DESCRIPTION AND REQUIREMENTS REGARDING ITEM #1 ON THE FD-610

- Initial -** should be checked if it is the first FD-610 submitted in the case - every attempt should be made to provide all the information required on the form on the initial submission; however, the initial submission of the form should not be held in abeyance while awaiting data which will be obtained at a later date.
- Supplemental -** should be checked when providing data which was not available, and therefore was omitted from the FD-610 form(s) previously submitted.
- Revision -** should be checked in all instances wherein information previously provided by form FD-610 was incorrectly reported. When submitting revisions, provide data only in those items requiring a change.

IV. *Denotes items on the FD-610 which must be completed on the initial submission by the Field Office.

Wilma Rudolph made complaint to Sheriff's Department that on night of 7/10-11/83, someone applied a chemical agent on her front lawn in such a way as to form the word "Nigger." Wilma Rudolph also reported that on 7/2/83, at approximately 2:00 PM was working on a car at same address, and at that time, three white males, appearing to be in their teens, drove by several times and asked questions as to the ownership of the white car. Their remarks apparently had racial overtones. The three white males were in a light colored Ford Mustang.

Re: Unsub (s);
Wilma Rudolph - Victim;
CIVIL RIGHTS - Discrimination in Housing

It is recommended that the above case be closed for the following reasons:

On the night of July 10 - 11, 1983, unidentified individuals etched in the victim's front lawn the word, "nigger", making four foot high letters with some unidentified chemical agent. Interviews with the victim and her neighbors establish that the street in front of Ms. Rudolph's house is heavily traveled during much of the day. No one could recall seeing anything suspicious that evening or hearing any unusual noises in front of the Rudolph home. Ms. Rudolph and [redacted] have resided in that house for a year without incident. [redacted] apparently was the target of some racial comments while working in the driveway of the house on July 2, 1983. The [redacted] could only describe those individuals as three white males in a light colored Ford Mustang. Inquires in the neighborhood could not identify anyone having such a car.

Recommendation

In the absence of any identifiable subjects or amplifying information from the victim, I recommend that this matter be closed. Significantly, the victim and [redacted] have provided no cooperation in arranging to make [redacted] available for FBI interviews. At the present there seems to be no basis for prosecution.
